

UNITED STATES BANKRUPTCY COURT
SOUTHERN DISTRICT OF INDIANA

NOTICE OF ECF MENU CHANGES

The Court has begun implementing the recommendations of the CM/ECF Advisory Committee. The first of those recommendations was to reorganize the dictionary so that events can be found in logical categories reflecting the flow of a typical case or adversary proceeding.

As recommended by the Committee, the main menus have added categories. Events that might logically appear in multiple categories have been placed on all appropriate lists. Placement of events in the 'miscellaneous' category has been minimized.

On May 3rd, 2010, the updated menus will become effective. View this tutorial for a preview of the changes. Familiarity with the "search" function in ECF will minimize frustration as users become familiar with the new menus.

The tutorial can be found at the link below. System requirements to view Adobe Captivate content are a standard web browser with Flash Player 7 or later - and speakers. The tutorial begins loading once the link is selected:

<http://www.insb.uscourts.gov/Training/DictionaryUpgradeExternal/DictionaryUpgradeExternal.htm>

At this link, you can view the new menus:

<http://www.insb.uscourts.gov/events.asp>

Committee recommendations for new events and for changes to the way certain events work will be implemented in the future.
